Refractive Surgery Experience

Performed over 10,000 refractive surgeries, including LASIK, PRK, Epi-Lasek, and astigmatic keratotomy ; The US Air Force Academy Laser Eye Clinic became the highest volume per surgeon center in the US Air Force under my direction. Our outcome data using the VISX S3

laser was featured in the VISX quarterly newsletter and Eye World magazine in April 2003 and is the best in the Air Force.

Honored to be chosen as the surgeon of choice for Air Force 4 star General who was first active duty Air Force member to have LASIK. First Air Force surgeon to perform VISX CustomVue (wavefront) LASIK corrections.

Directed training course for Army and Air Force refractive surgeons at Landstuhl, Germany with introduction to Amadeus microkeratome.

Panelist member at ASCRS 2003 for "LASIK Pearls and Pitfalls", chaired by Dr. Kevin Belville.
